Project Fast Fact

Location

Johor, Malaysia

Complete year

2018

Architect

EcoArch International
Pte Ltd

Landscape Architect

Owner

MDIS

Feature products

ASSA ABLOY Lightweight
Commercial Lockset

Challenge

Management Development Institute of Singapore (MDIS) inked a landmark deal with Educity@Iskandar Sdn Bhd, making it the first private tertiary institution in Singapore to make its foray into Malaysia.

This is MDIS' second overseas campus. The first being in Tashkent, Uzbekistan marks the first major deal made by a Singaporean group in Iskandar's special economic zone.

Solution

Tapped with ASSA ABLOY Singapore, Lightweight Commercial Lockset has been successfully approved by MDIS as retrofit solution for existing local door hardware with its value as wireless standalone card access control system to oversee entire educational entry system management for hostels.
