## Project Details

As one of the world's largest ICT companies, the NTT Group has over 230 data centres in 88 countries worldwide. They work with over 10,000 clients and 80% of the Fortune Global 100 list. The Data Centre is located in Cyberjaya, where natural disaster are extremely low and stable public infrastructures are provided.

## Solution

Being part of the NTT Group, a Fortune Global 500 company and world fourth largest tele communication company in terms of revenue, NTT MSC Sdn Bhd is looking for the best value for money security solutions and top notch security supplier for this face pace project. Constructing 24 hours per day by an international Japanese construction company, St Guchi never fail in deliver the solutions & products on time.

The products selected for this project are mechanical locks, door closer, hardware accessories & master key system planning. Teamware is also required to supply timber doors & door frames which subsequently include doors & locks installation.
